What I am Thankful For

By Shriya Menon, age 9

I am thankful for all wonderful things of life, and for all things I have. Being born on Earth and having 9 perfect years, I'm thankful for all of it. First and foremost, I am thankful for having my parents being there for everything. My mom is always there for me. She helps me to practice my piano, Tae Kwon Do and dance lessons at home. She always tries to make me win anything and makes sure I get good grades in school too. She is like my own personal therapist and helps me when I get emotional. She also cheers me up when I'm in a bad mood. I am really close to her and tell everything to her.

My dad works for my family. He plays with me like a playmate. I can't express my gratitude through words.

I consider myself lucky to have the most generous and loving grandparents. Thanks to them for sending all gifts from India and for visiting us sometimes. They not only put a smile on my face but also remind me just how much they care. They mean more to me than they'll ever know.

I have lots of friends in my school, Tae Kwon Do, and dance class. I love spending time with them as they play and talk to with me. They will never judge me too.

In my life I'm grateful for many things, especially for my health because of that I'm able to do all my fun filled activities. I love all my classes. I'm thankful to my instructors who help me get stronger and teach the importance of discipline in life.

Addition to this I am grateful for my ability to learn things quickly, and I get things done swiftly. I'm thankful to my teachers who help me study and conquer my tasks in an orderly manner.

I'm thankful I have a nice home, always having food in my house. I'm really thankful to all these countless things in my life.

By the support of all these people and blessings I'm sure I will achieve my goals whatever it is. Thanks, thanks a lot for all the hard work done for me.
